

As golf courses change, iGolf and Bushnell will gladly update maps at your request to ensure your GolfGPS product has the latest, most accurate information. If you have used your Bushnell GolfGPS product and found any course information requires remapping, please fill out this simple form and email to: courseupdate@L1inc.com. Your request will be processed within 7 business days and a Mapping Representative will contact you directly if additional information is required to complete your request. All customers will be notified via email once the mapping request has been completed and the golf course is available for download, so you can play your next round with confidence.

If there are any other questions referring to updating your product, please contact iGolf at <https://www.igolf.com/contact>.
